

Guilds

2023

TKGA is here to provide local guilds with simple tools to help get your guild off the ground and be successful.

Guilds and knitting groups who become TKGA Affiliate Members, have access to many of the benefits of TKGA membership. In addition to the technical content, patterns, and articles, there is a special section on our website for guild resources with articles and class material you can use with your guild or group.

Certification Programs

TKGA Certification programs are the gold standard in knitting. These programs are not classes, but research programs where you learn the skills to be successful in the knitting industry. In addition to the Master Hand Knitting Program, we offer five specialized Certification Programs that give you the skills needed for success in the Knitting industry.

Master Hand Knitter Certification
Professional Knitter Certification
Certification for Knitwear Designers
Certification for Knitting Instructors
Certification for Knitting Judges
Certification for Technical Editors

Correspondence Courses

Our Education offerings range from Mini-Courses to more in-depth Correspondence Courses. You will receive personalized feedback on your knitting or knitting-related skills. All of our courses support a love of learning about knitting, or knitting-related topics. Some focus on improving specific knitting skills, while others provide the support skills needed for pursuing one of our certifications, or a career in the knitting industry. Work at your own pace, work one-on-one with an instructor & learn from a Certified Master Knitter. For guidance in elevating your skills, TKGA's Education division is here for you!

Members also have access to back issues of Cast On through the special Member Resources section of the website, exclusively for members.
